**E911 Location Accuracy Compliance Certification**

**PS Docket No. 17-78**

Name of company covered by this certification: Americell PA3, LP; dba Indigo Wireless

Name of signatory: David P. Tews

Title of signatory: Vice President

As of April 3, 2017, Indigo Wireless does not provide service in any of the test cities. Indigo Wireless is a non-nationwide CMRS providing services in rural Pennsylvania. The company has based the E911 location accuracy test results from the largest county in the network footprint, which is Bradford County, PA. As of April 3, 2017 we were providing x/y location information within 50 meters for more than 40 percent of all wireless 911 calls. Indigo Wireless has deployed the technologies used in its network consistently with the manner in which such technologies have been tested in the test bed. We have verified this based on our own live call data and test calls that we are in compliance with the two-year benchmark set forth at 47 CFR 20.18(i)(2)(i)(B))1).

Respectfully,

A handwritten signature in black ink, appearing to be "D. Tews", is written over a circular stamp or seal.

David P. Tews  
Vice President
